**Description** The observational animal behavior research internship at [REDACTED] provides aspiring animal behavior and welfare professionals with the opportunity to engage in research projects focused on improving animal welfare. Interns can gain experience in the entire research process, from conducting literature reviews and recommending management initiatives to collecting and analyzing data and presenting results. Interns also participate in various methods of collecting and coding data, work on projects for a wide variety of species throughout the zoo, contribute to the creation of enrichment items, and assist the Registrar department in maintaining animal care records. This program welcomes interns passionate about animal behavior and welfare, regardless of prior experience, and offers valuable insights for both academic and professional growth.
