Description

At [REDACTED] our employees have incredible opportunities to work on revolutionary systems that impact people's lives around the world today, and for generations to come. Our pioneering and inventive spirit has enabled us to be at the forefront of many technological advancements in our nation's history - from the first flight across the Atlantic Ocean, to stealth bombers, to landing on the moon. We look for people who have bold new ideas, courage and a pioneering spirit to join forces to invent the future, and have fun along the way. Our culture thrives on intellectual curiosity, cognitive diversity and bringing your whole self to work - and we have an insatiable drive to do what others think is impossible. Our employees are not only part of history, they're making history.

Discover careers that change the world and further advancements in defense, technology, and engineering today at [REDACTED] Use your experience to grow your career and support our global customers with the technology, systems, and solutions they need to enable their missions on the front lines and secure our world every day. With [REDACTED] you'll discover a culture built on diversity, respect, and above all teamwork. Together with our group of experts across the technical spectrum, you'll discover opportunities to make a difference in our world and start solving some of the world's most critical problems in the most innovative ways.

An internship at [REDACTED] is unique. Sure, you'll learn new skills, explore our enterprise, network with experts, connect with thought leaders, and finish with a resume that opens doors. But you'll gain something even more valuable: pride in what you've done. Join us and launch your career. We'll support you with training, employee resource groups, and our shared vision of global security.

[REDACTED] is seeking Engineers for an internship opportunity. This position will be located at our Defense Systems Sector in [REDACTED].

The qualified candidate will become part of [REDACTED] Armament Systems team within our Weapon Systems Division.

Basic Qualifications

A candidate must meet ALL of the below criteria. The candidate must:

- Be a student who is enrolled full-time and pursuing a graduate degree from an accredited college/university and will be enrolled full time in Fall 2026.
- Be majoring in Aerospace Engineering
- Be available to work full-time (40 hours per week) for at least 10 weeks during **summer 2026**.
- Be able to obtain a U.S. Government security clearance (U.S. citizenship is a pre-requisite)

Preferred Qualifications:

- Have an overall cumulative GPA of 3.0/4.0 or higher
- Experience or coursework in Modeling & Simulation (either sub-systems or system-of-systems)

- Experience or coursework in Matlab and/or Simulink
 - Basic understanding of guidance and control design
- Experience or coursework in Kalman filter design, optimal estimation techniques, algorithm and software development, and/or system or sub-
- system testing and verification

At [REDACTED] our internship pay rates are standardized and take into account three main factors: the anticipated graduation date of the individual, the cost of labor of the geographic location, and whether the internship is considered technical or administrative.

Masters degrees : \$35.50 - 44.75

Campusjobs

Primary Level Salary Range: \$1.00 - \$2.00

The above salary range represents a general guideline; however, [REDACTED] considers a number of factors when determining base salary offers such as the scope and responsibilities of the position and the candidate's experience, education, skills and current market conditions.

Depending on the position, employees may be eligible for overtime, shift differential, and a discretionary bonus in addition to base pay. Annual bonuses are designed to reward individual contributions as well as allow employees to share in company results. Employees in Vice President or Director positions may be eligible for Long Term Incentives. In addition, [REDACTED] provides a variety of benefits including health insurance coverage, life and disability insurance, savings plan, Company paid holidays and paid time off (PTO) for vacation and/or personal business.

The application period for the job is estimated to be 20 days from the job posting date. However, this timeline may be shortened or extended depending on business needs and the availability of qualified candidates.

[REDACTED] is an Equal Opportunity Employer, making decisions without regard to race, color, religion, creed, sex, sexual orientation, gender identity, marital status, national origin, age, veteran status, disability, or any other protected class. For our complete EEO and pay transparency statement, please visit [REDACTED].S. Citizenship is required for all positions with a government clearance and certain other restricted positions.
